

## **Position**

Chair in committee – Model ICAO

## **Dates**

21st to 24th of May 2019 + one training day prior to the conference to be determined

## **Description**

The chair is responsible for the procedural functions of the committee. Working with the Director, he ensures that the committee operates in a smooth and efficient manner. This position requires a very thorough working knowledge of the rules of procedure and a professional presence on the dais. Chair applicants should have significant Model ICAO experience, or general model UN experience. To ensure consistency and overall preparedness, there will be a mandatory training session for all selected committee chairs. This training session will help both new and returning chairs familiarize themselves with the rules being implemented at the conference.

## **Responsibilities:**

- Primarily focus on pedagogical attitude towards the delegates
- Represent and implement in the best way the values of Model ICAO within the committee, teamwork, respect, and consensus.
- Collaborate with the director of committee to show a united front as a dais in the committee.
- Follow the guidelines given by the organization and be able to adapt the new guidelines given during the conference.
- Supervise and assess the level of the delegates during formal and informal session
- Be ready to be challenged by delegates, faculty advisors and ambassadors regarding rules of procedure
- Be able to stay composed during stressful situations such as successive deadlines

## **Location**

ICAO Headquarters – Montréal

## **Organisation**

SimOACI – ModelICAO
